

2022 CSA/Farm Share Registration Form

Thank you for supporting Hilltop Hanover Farm and Environmental Center!

Joining the Hilltop Hanover Farm Community Supported Agriculture (CSA) Program is a mutually beneficial investment in the 2022 Growing Season. You are providing financial support for the farm upfront, before the growing even begins. CSA members, as investors, need to accept the natural risks that come with farming. These include inclement weather, pest outbreaks or other circumstances that can affect the quality, quantity or variety of produce available in a season. The dedicated and skilled farmers at Hilltop have worked diligently to provide a plentiful, consistent, and varied supply of locally grown fresh produce by developing production plans that are diversified and successional, mitigating some of the risk. But as CSA members, investing in the season, you are recognizing the challenges and are committing to sharing the risk with us.

By becoming a CSA Member, I understand and agree to the following CSA Policies at Hilltop Hanover Farm and Environmental Center:

- I understand that my CSA membership supports the produce operation at the farm and that produce availability is seasonal.
- I understand that uncontrollable events, including weather and environmental challenges, may affect crop quality and/or quantity.
- I understand that my CSA Membership is an investment in the 2022 growing season and therefore any unused balance of my membership is converted to a donation at the close of the season and is not able to be carried over to any other season.
- I understand that my CSA Membership credit can be used anytime and on anything sold in the online store or Farm Stand when they are open.

Please note:

- *Classes and Events are not sold through the farm stand, therefore cannot be purchased using your CSA credit.*
- *The Plant Pre-Sale runs from February – March, **before** the Farm Stand or online store opens, **before** your CSA Membership is active and therefore cannot be used for the Pre-Sale. Once the Farm Stand opens, CSA Memberships can be used to buy plants.*

Our Brand New Food Sovereignty Program

Hilltop Hanover Farm and Environmental Center is proud to introduce a new program to further our mission of addressing food insecurity. In 2021 we donated over 14,000lbs of food to local food pantries like Feeding Westchester, but we need your help to do more. Over 75,000 people in Westchester County do not have access to reliable food systems this past year.

Please consider donating a Food Sovereignty Share!

Food Sovereignty Shares are a \$100 CSA Membership that goes straight to a family in need. Anyone in need is free to apply to be a recipient of the program and shares will be awarded as they are donated. This amazing gift will help to provide people in need with access to local healthy organically grown vegetables!
